BARF Mix

WINNER PLUS BARF Mix is a 100% natural, healthy and balanced supplement for BARF feeding of dogs of all breeds. The contained important vital substances and calcium, which are responsible for a balanced BARF feeding, optimally enriching the feed rations. BARF Mix contains calcium citrate as a high-quality source of calcium that is easily absorbable and indispensable for bone structure, teeth, claws and muscles. Calcium as coenzyme activates numerous metabolic processes, controls nerve impulses and supports the heart activity. Natural sea algae supply vitamins, micro-minerals such as iodine, fluorine and selenium and stimulate the pigmentation. The contained yeast provides a variety of amino acids, B vitamins and minerals such as copper, iron, manganese and zinc. It has a positive effect on skin & coat and promotes performance motivation and vitality. With WINNER PLUS BARF Mix your dog stays active, healthy and powerful.
